

JOIN ONE OF OUR FIVE UWAZI DEMO SESSIONS!

UWAZI MEANS **OPENNESS** IN SWAHILI

Uwazi is a web-based database application designed for human rights defenders to manage collections of information, including documents, evidence, cases and complaints.

Join our demo

Join one of our demo sessions where we will showcase the tool and explore its latest functionality and its relevance to the work of human rights actors documenting violations.

Who should attend?

Human rights organisations who are:

- Actively documenting violations and interested in improving their workflows.
- Interested in launching a new documentation initiative with the support of a tech tool.

When is it?

Wednesday 16 February 2022 (5 sessions across time zones)
